Western Reserve

Area Agency on Aging

TeleCare Program

Stay Connected and Socially Engaged

What is the TeleCare Program?

Sometimes a friendly call is all you need to stay connected to the community and supportive resources. The Western Reserve Area Agency on Aging TeleCare program offers telephone calls to individuals who live alone or feel socially isolated.

Could you or someone you know benefit from a weekly reassurance call that helps maintain independence and social engagement? Our TeleCare check-ins can help older adults and persons with disabilities feel connected to their community and lessen feelings of isolation and loneliness.

Staying Connected and Engaged

- Personalized telephone calls for each client at specific times.
- Phone call discussions and activities are tailored to the individual's needs.
- Comforts and reassures clients that they are safe and have service options in adverse situations.
- Emergency plans for individuals in case the phone call is not answered.

Who is Eligible for the TeleCare Program?

- Individuals who are 60 years of age/older or persons with disabilities.
- Residents of Cuyahoga, Geauga, Lake, Lorain or Medina Counties.
