

Western Reserve Area Agency on Aging

Community Needs Assessment Survey

The Western Reserve Area Agency on Aging is seeking input from the community on the services that are needed for older adults, adults with disabilities, their caregivers and families, and professionals in our region.

The results of this survey will help in determining what services are available, lacking or need improvement for the development of our Area Plan.

We appreciate your participation and welcome your feedback in this important survey. The responses to this survey are anonymous. The survey should only take about 15 minutes. Please complete the survey by **Thursday, March 26, 2026**. We encourage you to share this survey with your community and networks.

If you are a service provider for Information & Referral (I&R) or a similar service, please also complete that section of the survey.
